

*The Legendary Crew Boss Interface Coat. Rugged Durability and Good Looks.*

# INTERFACE™ FIRE-RESCUE EMS COAT™

## CREW BOSS™

The Crew Boss Interface coat is now available in this rugged, good looking version of its legendary wildland fire fighter overcoat. Distinctive and highly visible, it's designed for the special demands of interface and rescue operations.

### Crew Boss INTERFACE COAT:

- Full cut design available in Advance™ Nomex® IIIA, and Indura® Ultra Soft® fabrics.
- Full zippered front closure with #10 brass zipper mounted on Nomex® tape.
- Caped shoulder design with built in ease for full freedom of arm movement.
- Gusset cuff with hook and loop closure.
- Alpine style collar.
- Radio pocket with mic tab.
- Unidirectional front cargo pockets with concealed hand warmers.
- Large interior storage pocket and glove hanger tab.
- Hi-viz style 3M triple trim around base, around chest/back and around arms.
- Nomex® thread throughout.
- ISO 9001 registered and certified by Underwriters Laboratories.
